INTRODUCTION

This plan has been prepared and agreed by the staff and Governors of Alfreton Nursery School to assist in dealing with an emergency situation that affects the school community.

This plan relates to an event which may involve:

- the safety of children and/or staff
- the school premises
- a serious accident involving children and/or school personnel on or off the premises
- the death of a child, staff member or governor
- a violent intrusion onto school premises (eg an armed intruder or a bomb alert)
- extensive damage to school premises
- the release of hazardous substances near or on the school site
- a crisis which might affect the public reputation of the school

It also considers where the headteacher believes that the school will benefit from receiving additional support or, where the community in which the school is based is affected by an emergency.

The school emergency plan aims to:

- provide support to all children and staff affected by an incident
- maintain the normal running of any parts of the school not affected
- return the whole school to normal as soon as possible

The plan provides generic guides to actions that should be considered by the headteacher, his/her nominated deputy, and the critical incident management team (CIMT) in case of an emergency in school or the local community, or on an educational visit.

The plan covers procedures for an incident occurring in school time and out of school hours, weekends and during school holidays.

Important Action Points

- Review the plan and its content at least once each year
- Keep the plan up-to-date regarding personnel
- Ensure staff know their roles
- Keep the school's contact list near to the phone in case it becomes necessary to activate the plan
- Send a copy of the plan to the Children and Younger Adults Department for reference centrally

ACTIVATION

Information about an incident may come from a staff member, pupil, parent, the emergency services or the local authority.

Whoever receives the alert should ask for, and record, as much information as possible:

Name of the person informing of the incident	
Details of the incident	
Who else has been informed (eg emergency services etc)	
Exact location of the incident	
Details of any casualties	
Any action taken so far	
Name of contact at the scene	
Number of contact at the scene	
What assistance is needed	

Immediately inform the Headteacher or nominee

Responsibilities/Checklist of Initial Action by Headteacher or Nominee

RESPONSIBILITIES

- take charge of events
- draw up an action plan for the specific incident
- delegate responsibilities and give task sheets to the chosen person
- consult with the Police and the person responsible for liaison with the media about the release of information to students, staff, parents, general enquiries and the media
- establish a crisis team meeting place, close to the incident control point

Action to be taken	✓ when complete
Ascertain details of incident	
Take immediate action to safeguard pupils and staff where necessary	
Alert relevant emergency services (Police, Fire, Ambulance) via 999 system Be prepared to give the following information: <ul style="list-style-type: none"> • Emergency Service(s) required • Exact location of the incident • Number of casualties • Nature of injuries • Location and telephone number where call is being made from • Hazards which may be encountered by the Emergency Services at the site 	
Log all communications and actions	
Notify: Derbyshire Emergency Planning Division Office hours: 01629 538364 Out of office hours: 01629 533085 (ex-dir) Ask for the Duty Emergency Planning Officer THESE NUMBERS SHOULD ONLY BE USED IN AN EMERGENCY - DO NOT GIVE THEM TO THE PRESS, PARENTS OR PUBLIC THE EMERGENCY PLANNING DIVISION CAN PROVIDE RESOURCES TO ASSIST DURING EMERGENCIES	
Assemble a critical incident management team from pre-identified staff	
Refer to the list of emergency contact numbers in Appendix 1 for additional support if required	
Where possible, avoid closing the school and try to maintain normal routines	

Critical Incident Management Team (CIMT)

The CIMT will comprise:

- Headteacher
- Teacher
- School Business Manager
- Chair of Governors (where contactable/available)

Base for Critical Incident Management Team

The base for the CIMT will be the Headteacher's office where it is still possible to use this. The reserve on-site location will be the School Office. In cases where it is not possible to use the school premises as a base, the CIMT will make use of the Children's Centre or Local School within walking distance ie Croft/Woodbridge/David Nieper Academy

IMPLEMENTATION

Headteacher or Nominee

Action to be taken	✓ when complete
Ensure that accurate, factual information is available for those arriving at the scene	
Liaise with the local authority, police, fire and ambulance services, and other agencies who may become involved	
Act as the main contact to co-ordinate the response	
Inform the chair of governors	
Inform all staff, and parents of injured pupils	
Decide how to inform other parents of injured pupils	
Ensure all staff maintain a log of actions and decisions	
Allocate tasks to members of the CIMT as appropriate	
Provide regular briefings for staff	
Continue to liaise with the local authority and the emergency services	
Try to maintain normal routines as far as possible	
Inform staff involved to prepare a written report of their involvement, noting events and times	
Inform the CAYA health and safety officer who will advise on reporting procedures, and inform trade unions if necessary	
In the event of serious injuries or a fatality, the Health and Safety Executive should be informed within 24 hours	
Continue to allocate tasks to members of the CIMT as appropriate	

Welfare

Action to be taken	✓ when complete
Secure the immediate safety of pupils and staff - this may include evacuation or keeping pupils and staff inside the building (sheltering)	
Establish the location of all pupils, staff, and visitors using timetables, registers and the visitor's book, and make a list of those unaccounted for	
Establish a staff rota and ensure that staff take regular rest periods	
Identify those pupils and/or staff who are badly affected, and who need extra support	
Make arrangements for reuniting pupils with their parents	
Take account of religious and cultural factors, and consider contact with leaders of local faith communities	

Communications

Action to be taken	✓ when complete
Consider emergency communications needs	
Dedicate lines for incoming and outgoing calls and arrange extra support for reception. Line to be used for incoming calls only: Line to be used for outgoing calls only:	
Arrange for the staffing of switchboard/telephone	
Inform pupils, in groups as small as practicable, considering the best way to impart tragic news (advice is available from the educational psychology service)	
Inform parents of children not directly involved in the incident, as decided by the headteacher or nominee - use any existing arrangements for contacting parents quickly and efficiently	
Receive visitors to the school, ensuring they sign in and out and are issued with identification badges	
Ensure that staff are fully briefed on facts and are aware of what information can be released	

Media

Action to be taken	✓ when complete
Ensure that any media access to the site, staff and pupils is controlled In a major emergency, the police will deal with the press and prevent access to the school	
Liaise with and co-operate with the media and to answer their queries, as appropriate	
Liaise with the public relations division to prepare a press statement, to be agreed by the headteacher and director of CAYA, and to decide the ongoing strategy for dealing with the press	
Be aware of the potential problems caused by the spread of misinformation through pupil and/or staff use of mobile phones	
Provide basic information about the school (see Appendix 2)	
Be prepared to be interviewed by the press if necessary and agreed	
Liaise between the press and those affected about interviews - seeking permission from parents/guardians of any students involved in interviews. Any students involved in interviews should be supported	

Advice for Official Spokesperson(s)

- ✘ DO NOT speculate - your interpretation or understanding can and probably will be exaggerated or quoted as hard fact
- ✘ DO NOT give any fact unless you are certain it is correct
- ✘ DO NOT say "NO COMMENT" - it can be taken as a negative answer which could be inaccurate and lead to difficulties later
- ✘ DO NOT be afraid to say "I DO NOT KNOW"
- ✓ DO have the confidence in yourself and your command of the situation to take a positive attitude towards the media
- ✓ DO inform the Press Officers of any development which may assist them and of any journalist you suspect of acting inappropriately.
- ✓ If you know that everyone is safe and well, or those parents of injured children have been told - say so as soon as possible - it stops other panicking.

NB: PUPILS SHOULD NOT TALK TO THE MEDIA UNLESS ARRANGED BY STAFF/PARENTS AND THEN ONLY WITH WRITTEN PERMISSION FROM PARENTS/GUARDIANS

Resources

Action to be taken	✓ when complete
Ensure access to site for emergency services	
Open/close parts of school as required, and turn off water, gas and electricity supplies if necessary	
Ensure the security of the school premises	
Establish a safe and secure base for the CIMT	
<p>Check that all available communications and office equipment are working (phones, fax, copiers), in:</p> <ul style="list-style-type: none"> • School Office • CIMT Base • CIMT Alternative Base 	
Arrange a place to receive parents and children involved	
If necessary, evacuate the building in accordance with the School Fire Procedures	
Ensure that parents do not take students away, unless directed to do so	
Consider relocation to other premises	

All other teaching and non-teaching staff

Action to be taken	✓ when complete
Respond to instructions given by members of the Critical Incident Management Team	
Be ready to respond to any potential hazard in and about the site	
Maintain a calm atmosphere	
Do not speak directly to the media but refer all enquiries to the Headteacher or other person designated as being responsible for contact with the media	

EMERGENCIES DURING EDUCATIONAL VISITS

The headteacher or his/her pre-agreed nominee should be immediately informed of any incident by the group leader.

Initial Action by Headteacher or Nominee

- Maintain a written record of your actions using this check list and attached log sheet
- Offer reassurance and support.
- Be aware that all involved in the incident, those at the school and you, may be suffering from shock or may panic.
- Find out what has happened. Obtain as clear a picture as you can - who informed you of the incident? (Usually the group leader)
- Remind the group leader to follow the checklist for group leaders on educational visits (see Appendix)
- Record the details of the off-site activity/visit during which incident occurred

Location and nature of activity/visit		
Name of person in charge of visit		
Telephone number(s)		
Number of people on the visit	Pupils	
	Teachers	
	Other adults	
Date and time of incident		
Location		

What has happened?			
People affected	Name	Injury	Where they are / will be taken
Emergency Services involved and advice they have given			
Names and locations of hospitals involved			
Arrangements for pupils not directly involved in the incident			
Name of person in charge of your group at the incident			
Telephone Number(s)			

- Depending on the scale of the incident, consider assembling a CIMT to assist with the response

Initial Action List for CIMT

- Inform school staff as appropriate, depending on the time and scale of the incident
- Consider emergency communications needs. Dedicate lines for incoming and outgoing calls and arrange extra support for reception.
- Immediately inform parents of any injured pupils of what has happened and where their son/daughter is, recording what their plans are, eg to travel to their son/daughter, any assistance they need and any means of communications with them (eg mobile phone number)
- In event of a major incident the police may give advice regarding naming badly injured people or fatalities. You may also need to inform next-of-kin of any staff who have been involved
- Inform parents of any other pupils on the visit but not directly involved in the incident.
- Parents should first hear of the incident from the school (or from the party leader), not from hearsay or from the media. Information given must be limited until the facts are clear and all involved parents/next of kin are informed
- Ensure that staff are fully briefed on facts and are aware of what information can be released
- Inform the chair of governors
- Contact the local authority: Derbyshire Emergency Planning Division

Office hours: 01629 538364

Out of office hours: 01629 533085 (ex-dir)

Ask for the Duty Emergency Planning Officer

THESE NUMBERS SHOULD ONLY BE USED IN AN EMERGENCY - DO NOT GIVE THEM TO THE PRESS, PARENTS OR PUBLIC

Support available from the Emergency Planning Division could include:

- assistance at school or at the site of the incident by local authority officers, and/or others
 - communications support, including public telephone helpline where appropriate
 - help with arranging travel and transport between the incident, parents and the school help with media management, including press statements and interview briefing
 - for an incident occurring in another UK local authority, establishing links with that authority or, for an incident occurring abroad, communication via the Foreign Office, to British Consulate, foreign police, etc
- if necessary, introduce controls on school entrances and telephones

- at least initially, the school is advised to avoid responding to media enquiries and direct these to the public relations division
- liaise with the public relations division as early as possible, and work with them to prepare a press statement
- arrange a quiet space to receive parents of the children involved as they arrive at the school

Medium term actions/considerations

- Ensure you contact your local education officer as soon as possible the next working day to inform them of the situation
- If the visit is abroad, and the incident results in substantial medical or other expense, the risk and insurance section at County Hall or any other insurers used should be informed as soon as possible
- Inform pupils and staff at school and their parents. Decide what information you should give. Remember that information given must be limited until the facts are clear and all involved parents/next of kin are informed
- In the event of a tragic incident, consider seeking support from the educational psychology service about the best way to inform pupils and to support them afterwards
- Staff and pupils should be told to avoid talking to the media or spreading the story unnecessarily (particularly via use of mobile phones)
- Inform all staff involved to prepare a written report noting events and times. Inform the CAYA Health and Safety office who will advise on reporting procedures and inform trade unions if necessary.
- In the event of serious injuries or a fatality, the Health and Safety Executive should be informed within 24 hours. Staff may wish to submit draft reports to trade union legal officers

POST INCIDENT CARE AND SUPPORT

Post-incident care is aimed at helping individuals to understand their feelings following an emergency and to identify sources of future support. The overall aim of the support is to help people in a way that will reduce the possibility of them developing post-traumatic stress disorder.

It is worth giving some thought to how the topics of loss, bereavement, risks/safety and change are covered in the curriculum. Schools where these topics are discussed openly, and treated as normal life events, are likely to find it easier to cope when a difficult or tragic incident occurs.

Remember to consult with parents following an incident. It is important to communicate with parents of pupils who have been involved, and ensure that their needs and wishes are taken into account.

The Education Psychology Services will provide appropriate care and support to those affected by a major incident in the school community. Dependant on the scale and nature of the incident the Crisis Support Team could be deployed to support the work of the Education Psychology Services.

STAND-DOWN AND RECOVERY

Recovery Plan Checklist

As soon as possible after the emergency:

- Liaise with parents regarding plans for attendance at funerals
- Liaise with parents regarding plans for attendance/representation at memorial services
- Arrange debriefing meetings for staff and pupils
- Arrange debriefing meetings for the headteacher and CIMT
- Identify and support high-risk pupils and staff
- Promote discussion of the emergency in class
- Consider the need for individual or group support
- Help affected pupils and staff to come back into school
- Initiate a review of the school emergency plan, evaluating the school's response and feeding in any lessons learnt

In the longer term:

- Consult and decide on whether and how to mark anniversaries
- The impact of some incidents can continue for years, so thought may need to be given to ongoing identification and support measures for both pupils and staff who are affected
- Remember that legal processes, enquiries and news stories may bring back distressing memories and cause upset within the school
- Remember to make any new staff aware of which pupils were involved and how they were affected

APPENDICES

APPENDIX 1 - CONTACTS

This section should include contact details for all members of staff, so that if an emergency happens out of school hours, all staff can be contacted. During school holidays it may be useful to be aware of when key staff are away, so that it is possible to gain access to the building if required in an emergency. Some general external contacts are included, but you will need to add contacts specific to your school (eg school bus company).

It may also be used to outline the system used by the school for contacting parents.

This section of the plan is likely to need regular update and review, for example at the start of each term.

APPENDIX 2 - COMMUNICATIONS

Communications systems are put under enormous pressure in the immediate aftermath of an emergency, but are vital to ensuring a well-managed response. You should:

- Identify any lines not generally known to the public (kitchen phone, mobile phones).
- Be aware that in a power failure, a powered switchboard system may not work (a telephone plugged into the first phone point coming in from the exchange should provide a useable line). The location of this telephone point should be identified in the emergency plan.
- An early decision should be made about how to inform parents (in the case of a fatal incident, the police will normally inform the parents of the child or children involved)

APPENDIX 3 - BASIC INFORMATION ABOUT THE SCHOOL

You may find it helpful to prepare some basic information about the school which could be used in the event of a major incident.

APPENDIX 4 - EMERGENCY SCHOOL CLOSURE

The decision to close a school is usually made by the headteacher and governors.

The emergency closure procedure for schools is available on the Extranet. You should refer to this procedure when producing your plan.

An agreed method of informing parents and other organisations (eg bus companies) of the closure should be included in your communications section.

APPENDIX 5 - SPECIFIC HAZARDS AFFECTING SCHOOL SITE

If there are specific hazards or risks associated with your school, outline any information and special procedures relating to the risks here. This may include:

- the release of hazardous substances near or on the school site (eg Chemical Site)
- nearby streams or rivers that may flood
- hazards within the school (eg chemical stores)
- difficulties relating to the school itself (eg split-site, communications problems).

APPENDIX 6 - EVACUATION AND SHELTER PLAN

This is one of the most important sections of the plan as it outlines the initial actions that should be taken to safeguard pupils and staff, both from internal and external hazards. All staff must be aware of these procedures, as warning signals may need to be triggered immediately, before advising others of the threat.

Your evacuation plans should include information about what route to take and what assembly point to use in the case of a bomb threat, as these may need to be different from those used for other types of incident (eg fire).

It is equally important to have pre-planned arrangements for signalling the need for sheltering (keeping pupils indoors and close doors and windows) in the event of an external hazard, and signalling lockdown of the school in the event of an intruder.

APPENDIX 7 - CHECKLIST FOR GROUP LEADERS ON EDUCATIONAL VISIT

Checklist to be followed by the group leader if an incident occurs on an educational visit.

APPENDIX 8 - INFLUENZA PANDEMIC PLAN

The Department for Children, Schools and Families (DCSF) has published guidance to assist planning to support learning if schools close for extended periods during a flu pandemic. The guidance is available from teachernet.

APPENDIX 9 - BOMB THREATS AND SUSPECT PACKAGES

Although bomb threats usually turn out to be hoaxes, they must always be taken seriously. It is important that office staff know what questions to ask if they do take a call from someone claiming to have information about a bomb. The bomb threat prompt card gives questions to ask and immediate actions to take in this situation. Staff should be familiar with this information, and preferably have a copy to hand near the telephone.

Equally important is dealing with suspect packages - in most cases the package turns out to be a hoax or genuine mistake, but it is better to take all appropriate precautions if a suspicious letter or package is received. Any member of staff who may deal with incoming mail in the school should be aware of the guidance.

APPENDIX 10 - OTHER SERVICES USING THE SCHOOL SITE

Use this section to record any separate emergency procedures for other services using the site (eg play schemes, after-school clubs etc) or any additional arrangements relating to extended services at the school.

APPENDIX 11 - LOG KEEPING

Any emergency affecting a school may afterwards become the subject of a detailed inquiry. It is important that accurate written records are kept, and that no piece of information about either the planning or the response to the incident is lost. Records may also be in the form of a recording made via a CCTV camera, a telephone or on an answer machine. The records should be retained after the incident for future reference.

APPENDIX 12 - TRAINING AND EXERCISING

In order to carry out the procedures outlined in your plan, awareness raising and training should be carried out within the school. All staff that has a role in the plan should be aware of the full scope of the plan and their roles and responsibilities. Staff who may not be part of the response to an emergency should still be aware of the content of the plan, particularly the section on evacuation and shelter.

Exercising your plan is equally important, especially emergency procedures such as:

- Fire drill
- Bomb drill (if arrangements differ)
- Shelter drill
- Lockdown drill

APPENDIX 13 - BUSINESS CONTINUITY

Business continuity planning is the process involved in ensuring that a business or organisation can continue with its critical functions after a disaster or emergency. In the case of schools, one of these functions is to continue pupils' education. You therefore need to think about what is required in order to continue this function and what vital records or data you may need to duplicate or back up.

APPENDIX 1 - CONTACTS

This should be updated in response to changes and reviewed annually

APPENDIX 2- COMMUNICATIONS

This section should include:

- how members of staff can be alerted in the first instance without alarming pupils unnecessarily
- ID for Headteacher/Senior Management Team - visitors to site may not be familiar with all senior staff or the layout of the building.

Staff photo board/website shows pictures of all staff & their designation

- phone numbers and locations of designated phone lines for incoming and outgoing calls

School no: 01773 520031 – phones in School Office, Head Teacher’s Office & Staffroom

- location of first telephone point from the exchange (in the event of power failure this may provide a useable line when a powered switchboard system may not work)

Children’s Centre No: 01629 533066

- how school will communicate with parents when:
 - an emergency happens during the school day
 - an emergency happens before or after the school is open, at weekends or in school holidays

When parents hear of a problem, they will naturally come to the school for information. You may need to identify a space where parents/carers can be seen in groups or on an individual basis where tragic news can be shared in a considerate way. A staff member or trusted adult from the school community may need to be on hand to receive visitors and deal sensitively with their enquiries.

School has a number of rooms which can be made available for individuals/small groups/larger groups.

Other methods of informing parents could include:

- Emails or text messaging
 - Notices on the school website
 - Letters
 - Notices on the school gate/fence
 - Person at the entrance to the school to explain issues
 - Telephone tree where each parent is contacted by telephone (more difficult in larger schools)
 - Local radio
- how the school will communicate with companies affected by a school closure or emergency, both during the school day and outside school hours

- numbers of local radio stations and procedure

Radio Derby – 01332 375001
Amber Sound – 01773 513107
CapitalFM – 0115 8731500
RAM FM – 02920 942900

- what communications procedures are in place between different parts of the school (in a large school or split-site school) **n/a**
- instructions on how to set the school answer phone to answer only and set a pre-recorded message, both if you are at the school and remotely if the school cannot be accessed

school does not have an answer machine, other forms of communication to be used in the event of an emergency.

Internal Communications

It is important to establish mechanisms for informing staff of developments. This could be through morning briefings. It is also important to debrief all staff involved at the end of each working day/shift. Ensure that information is recorded and shared.

School has very effective staff communication tools including a visual board in the staffroom, regular meetings, shared mobile numbers (including group Whatsapp)

APPENDIX 3 - BASIC INFORMATION ABOUT THE SCHOOL

Headteacher:	Angela Stanton
Teacher:	Amanda Hubball
Teacher:	Laura Dolby
School Business Manager:	Katie Cresswell
Details of Governors	
Chair of Governors:	Gill O'Hagan
Vice Chair of Governors:	Peter Ellse

APPENDIX 4 - EMERGENCY SCHOOL CLOSURE

Detailed guidance on this subject has been issued by the Children and Younger Adult's Department, and can be found on the Extranet.

You should refer to this guidance when completing this section for your school.

Please remember that in any wide area emergency closing a school can have a knock on effect with other key services as parents would have to take time off to look after their children. Although the health and safety of pupils/students and staff is paramount, Headteachers should also take this into account.

School would seek the most up-to-date information from the Extranet in times of school closure (see separate sheets for latest information)

The new system for reporting emergency school closures is a quick efficient way to inform the media, parents and Derbyshire County Council, if you need to close (or partially close) your school in an emergency.

All you need to do is send one email message, which will automatically be published on www.derbyshire.gov.uk/schoolclosures. The message will also be emailed to radio stations and parents who have registered to receive school closure notifications.

The system is automatic and can be used at any time of day or night. The system will accept closure notifications from any pre-registered email address approved by the head teacher. Please note, as a security safeguard, messages cannot be sent from email addresses that have not been pre registered.

The process is simple, you write a quick email with the name of your school in the subject and a description of what is happening in the message body, followed by "END OF MESSAGE". The end of message text is important as it stops any email signatures or footers appearing on the website.

Once you have sent your email, you will receive an automatic reply asking you to confirm your message, once you have clicked on confirm, the message will appear on the council's website and be emailed to subscribers of the email alert system.

The email address you need to send emails to depends on where in the county you are. For the email address and full instructions please see the user guides in the section below.

For help and advice on registering and testing the system please contact: ed.mayhew@derbyshire.gov.uk or telephone **01629 538468**.

In an emergency the contact centre 08456 058 058 can enter details onto the system on your behalf, they will be very busy in severe weather or other widespread disruption but a great help if the problem is localised to your school (power outage etc.).

APPENDIX 5 - SPECIFIC HAZARDS AFFECTING SCHOOL SITE AND HAZARD ASSESSMENT

This section should include:

- an up-to-date, detailed plan of the school, showing location of cut-off valves and switches for gas, water and electricity, and information on the drainage system

See map of the school site

- details of how to reset the fire alarm system

CIMT are aware of how to reset the system

- alternative access points in case of road closure, and emergency access to the school buildings

Access currently available through David Nieper Academy.

- school telephone number, fax number, and details of any additional telephone numbers (including mobiles) that could be used

01773 520031 (main school number)

See staff details page for alternative numbers

- any specific difficulties and procedures relating to the school site (eg split-site, communications difficulties)
- specific information relating to any hazards on the school site, including:

- the location of chemical stores and any radioactive materials stored on site

All cleaning materials comply with COSHH standards in line with DCC Health & Safety procedures. Cleaning materials are safely stored in the Caretaker's cupboard which is not accessible to children.

- details of hazards such as asbestos in the fabric of the buildings, if known

None

- the location of oil tanks or other fuel storage arrangements

n/a

- specific information and procedures relating to any external hazards that could affect the school, for example:
 - nearby industrial facilities or chemical sites

- rivers or streams which pose a flooding risk to the school (look at the Environment Agency website for flooding information and guidance on preparing a flood plan for your school)

APPENDIX 6 - EVACUATION AND SHELTER PLAN

This section should include:

- an up-to-date, detailed plan of the school showing evacuation routes and assembly points (this should include at least one alternative in case the emergency affects the main route or assembly point)
- information on any different evacuation routes and assembly points to be used in case of a bomb alert (eg assembly points may need to be further away from the building)
- procedure for sheltering (stay indoors, close doors and windows) if this is advised instead of evacuation
- procedure for lockdown of the school (stay indoors, lock doors, close and cover windows) in case of an intruder
- information on warning signals for fire alarms, bomb alerts, sheltering and lockdown
- any identified 'place of safety' nearby where pupils and staff can be taken if unable to return to the school for some time - this could be a village hall, leisure centre, community centre or similar - and how this building is accessed (eg keyholders)

Children's Centre, local schools ie Woodbridge, Croft, David Nieper

- information on how staff will ensure that all pupils and people visiting the site are accounted for - procedures for use of registers, visitors books etc

All visitors sign into school using the visitor sign in book located in the School Office.

- procedure for sending pupils home if the situation becomes prolonged, taking account of the need to track who has left/been collected

Register taken morning & afternoon – children to be signed out of the register when leaving site outside the normal nursery hours

Schools near Chemical or Industrial Sites – N/A

This is only relevant to those schools near a major chemical or industrial site.

In the case of an incident at the alarm will be sounded and the following action taken:

- children inside the school will be kept indoors
- children outside will be brought inside by a member of staff
- children will remain in the classroom in which they were when the alarm was raised, with the teacher who had responsibility for the class at the time.

A copy of the action sheet from company is attached to this plan and the instructions on it should be followed.

[Add further information as specific to each school]

APPENDIX 7 - CHECKLIST FOR GROUP LEADERS ON EDUCATIONAL VISIT

- Ascertain details of incident
- Alert relevant emergency services (Police, Fire, Ambulance, Coastguard) via 999 system
- Call for assistance if available (staff, passers by)
- Administer first aid where possible
- Account for all members of the party and ensure that all persons uninjured stay together
- Allocate staff member(s) to travel to hospital(s) with casualties
- Ascertain if there are any witnesses
- Allocate staff member(s) to stay at incident site to liaise with the emergency services
- Arrange for all non-casualties to return to base (accompanied by a member of staff) and that all members of the group are informed of the incident as soon as possible
- Inform headteacher/member of senior management team (at school) as soon as possible. Give as much of the following information as possible:
 - date, time, location and nature of incident
 - names of those involved
 - details of any injuries.
 - actions taken.
 - contact point to be used
- Consider requesting additional assistance.
- Keep headteacher/member of senior management team regularly updated.
- Consider whether activity should be abandoned. If so, arrange for non casualties to return to school. Liaise with headteacher/senior management team over transport arrangements.
- Do not discuss legal liability

APPENDIX 8 - INFLUENZA PANDEMIC PLAN

The Government will advise Derbyshire County Council about whether or not schools should close. We will make the final decision and if your school needs to close we will contact you.

This section should:

- outline procedures for dealing with a child or member of staff who shows symptoms at school - they should be isolated and sent home as soon as possible
- outline systems to minimise the spread of infection if the school stays open during a pandemic (eg hand-washing, disposal of tissues etc)
- consider how lessons can be maintained if some staff become sick
- consider how non-teaching and teaching staff could be used in other areas if your school is advised to close
- download the model letters from the department for children, schools and families web site and adapt for your own needs, using them as templates
- if you are advised to close your school, you should attempt to provide some form of education by remote methods

Reporting

If you have a case in school, pupil or staff, we need to know so that it can be included in the daily report to Central Government. Please telephone 01629 538364 to report new cases.

If you need further guidance on any issues on flu please contact Ian Shuttleworth, email ian.shuttleworth@derbyshire.gov.uk or tel 01629 538360.

If you have any questions about media issues please contact our press office on 01629 538205.

APPENDIX 9 - BOMB THREATS AND SUSPECT PACKAGES

Bomb threat prompt card for reception staff

Action to be taken	✓ when complete
Stay calm	
Make a note of: <ul style="list-style-type: none"> • the exact time of the call • the caller's sex and approximate age • any accent the person has, or any distinguishing feature about their voice eg speech impediment, state of drunkenness etc • any distinguishable background noise 	
When they have finished the message, try to ask as many of the following questions as you can, being cautious to avoid provoking the caller: <ul style="list-style-type: none"> • Where is the bomb? • What time is it due to go off? • What kind of bomb is it? • What does it look like? • What will cause it to explode? • Why are you doing this? 	
Dial 1471 - you may get the details of where the phone call was made from, especially in the case of a hoax caller	
Report the call to the police and the headteacher/nominated deputy immediately. In the extremely unlikely event that there was a codeword with the message, and the location of the bomb was given as a location other than the school, follow the same procedure - report the call immediately to the police, and then notify the headteacher	

Guidance on suspect packages

The likelihood of a school receiving a postal bomb or suspected biological/chemical package is very low, however, you should be aware of the immediate steps to be taken if you receive a suspect package or come into contact with a biological or chemical substance.

Postal bombs or biological/chemical packages may display any of the following signs:

- Grease marks or oily stains on the envelope or wrapping
- An unusual odour including but not restricted to almonds, ammonia or marzipan
- Discolouration, crystals on surface or any powder or powder-like residue on the envelope or wrapping (suspect biological/chemical threat)
- Visible wiring or tin foil
- The envelope or package may feel very heavy for its size
- The weight distribution may be uneven
- Delivery by hand from an unknown source or posted from an unusual place
- If a package, it may have excessive wrapping
- There may be poor hand writing, spelling or typing
- It may be wrongly addressed, or come from an unexpected source
- No return address or postmark that does not match return address
- There may be too many stamps for the weight of the package

If you suspect that a letter or a package may contain a bomb:

- Stay calm
- Put the letter or package down gently and walk away from it
- Do not put the letter or package into anything (including water) and do not put anything on top of it
- Ask everyone to leave the area (including classes if necessary)
- Notify the police and the headteacher/nominated deputy immediately
- Do not use mobile phones or sound the alarm using the break glass call points

If you suspect that a letter or a package may contain a biological or chemical threat:

- Stay calm
- Do not touch the package further or move it to another location
- Shut windows and doors in the room and leave the room, but keep yourself separate from others and available for medical examination
- Notify the headteacher/nominated deputy immediately

The headteacher/nominated deputy should then:

- Notify the police immediately on 999
- Ensure that any air conditioning system in the building has been turned off, and that all doors (including internal fire doors) and windows have been closed
- Evacuate the building, keeping people away from the contaminated room as far as possible
- Keep all persons exposed to the material separate from others and available for medical attention

- If anyone is experiencing symptoms of chemical exposure (eg streaming eyes, coughs and irritated skin) seek medical attention immediately

If anyone believes they have been exposed to biological/chemical material, they should be encouraged to:

- remain calm
- do not touch eyes, nose or any other part of the body
- wash your hands in ordinary soap where facilities are provided

APPENDIX 10 - OTHER SERVICES USING THE SCHOOL SITE

You may need to create additional appendices if there are several other services using the school site (eg play schemes, after-school clubs etc) or any additional arrangements relating to extended services at the school.

Consider whether it is necessary to add extra points to the action checklists in the main body of the plan to ensure that these procedures are integrated into the school's emergency response.

APPENDIX 11 - LOG KEEPING

How to write the log:

- Note all relevant facts in chronological order
- Stick to the FACTS - do not include any assumptions (if you are noting down assumptions to show your reasoning for making a decision, make this clear)
- If you make a mistake, cross it out with a single line | so that what is underneath is still visible, and initial it
- Do not leave blank spaces - or if you do, rule them out with a line
- Do not overwrite – if you make a mistake, cross it out, initial it and start again
- Do not leave large blank spaces between words or between entries
- Do not use correction fluid
- Unused space after the end of a series of entries should be ruled through, then signed in full, dated and timed
- Avoid approximations and abbreviations

APPENDIX 13 - BUSINESS CONTINUITY

Business continuity planning is the process involved in ensuring that a business or organisation can continue with its critical functions after a disaster or emergency. In the case of schools, one of these functions is to continue pupils' education. You therefore need to think about what is required in order to continue this function and what vital records or data you may need to duplicate or back up.

Statistically the emergency most likely to be experienced by a school is one that affects the school building, such as a fire or flood. Having an inventory of the contents of the school is invaluable in calculating losses for insurance claims. This section is split into three tables which should be completed for the school.

Equipment - this doesn't need to include every single item in the school, as numbers of desks and chairs are easy to calculate, but IT, electrical equipment and any other specialist, large, one-off or expensive items.

See school on-line Inventory system

IT data and systems - all important data stored on school computers should be backed up either remotely, or using tapes which should be stored off site. The table allows the recording of essential data sets and IT systems and where they are backed up.

IT data is backed up remotely by Schools IT

Paper based records - schools will have at least some essential paper based records, which could be easily damaged or destroyed in a fire or flood. These should be listed in the table along with the locations of back up copies which should be stored off site - this should include your emergency plan.

It is also worth encouraging staff to think about where they keep lesson plans and pupils' coursework, as loss of these could have a large psychological impact on staff and pupils.
